Boise, ID 83706

Dear John,

First, I want to thank and commend you for being a leader in the industry by extending the company's Appreciation Pay to our members, your employees. It means a lot to the frontline, who have been the unsung heroes in this national and global pandemic as they continue to keep our communities fed. Workers are risking their health and that of their families' every day they clock in, in order to provide service to the customer.

As cities in Colorado and Wyoming begin to open up, frontline workers in our stores will continue to be exposed to the coronavirus and until there is a vaccine we must continue to work together to keep the essential workforce safe and healthy.

I have reached out to the Governor and asked that he issue a statewide mandate to require customers and all entrants to wear masks. It is my belief that an Executive Order will not only insulate the company from disgruntle customers, but will add an additional layer of protection to the frontline workforce. I have also requested help with enforcement of such order.

Please let me know how UFCW Local 7 can help as we continue to work through this pandemic.

Sincerely,

Kim C. Cordova
UFCW Local 7 Union President
UFCW International Vice President
