

Hello Local 7 Pharmacists,

We have some additional updates regarding the pharmacy reorg.

Placement and other Aspects Delayed. The placement process will no longer occur next week. Due to a number of outstanding items and the time crunch Local 7 and the Company have agreed that the placement process will commence on 4/20 and will be complete by 5/7. For more information on items that may be delayed please visit the updated FAQs below.

We have **updated FAQs on our website** on the resource page for the reorg here:
