

Hello All,

Thank you all for meeting earlier this week. As you know we do not agree with the company's decision to reorganize staff. We have a lot of work to do to address our concerns with the company's staffing decisions. This will be an issue for national bargaining.

As we mentioned we have developed frequently asked questions, which along with other relevant materials can be found here (which will be updated as we get more info/materials):

<http://ufcw7.org/members/healthcare/pharmacy-reorg-materials/>

One thing I want to point out that if you are interested in an available PIC role you will want to enter your information by April 7, here:

<http://ufcw7.org/members/healthcare/pharmacist-in-charge-training/>

There is also information regarding an enhanced severance in the FAQs.

In unity,

Nate Bernstein

Director – UFCW Local 7
