

Last week, three of the Alliance's largest unions – UNAC/UHCP, USW Local 7600, and OFNHP announced that over 95% of each union's members voted to authorize a strike. This week, two more locals, Unite Here Local 5 and UFCW SoCal locals voted to authorize a strike with 93% YES votes! And we have overwhelming public support from our elected officials and communities.

Now Alliance and KP negotiators are back at the bargaining table meeting in subgroups tackling specific issues. Union leaders are trying to settle this without a strike - if possible.

We are united, determined, and ready to win a good contract and defend our patients and the organization we have built. Together we will win for our patients and all health care workers.
