

Rally to Save Lives ~ Your Attendance Needed

UFCW Local 7 and the Alliance of Health Care Unions continue to vigorously advocate for strong local and national labor contracts. We are in an excellent position to achieve great contract terms.

Unfortunately, we are dealing with an employer that has taken the baffling position that now is the time to direct an all-out assault on the very frontline healthcare professionals that have wholeheartedly shown up, day in and day out to restore our communities to health. Workers across the country (not Colorado), whose local contracts are or have expired, are taking strike votes now and in the coming weeks. While no worker *wants* to strike, they are making this courageous decision to assure quality patient care and service. The stakes are too high for us to stand by and watch as the company continues to take actions that are not in the best interest of our communities and the very people who take care of our communities.

WE have persevered as the front line during a global pandemic, and we need all to stand up again for our patients, our communities and each other!!!

Now is the time to remind Kaiser the sacrifices WE and our families made during this worldwide crisis! It is time to stand for patient care and safety!

We need enough staff to provide access and care for our patients!

Our patients' need you to stand, your community needs you to stand, your coworkers need you to stand!

WE NEED YOU!

Upcoming Bargaining Update Townhall: Saturday October 9th at 11 a.m.

In addition to the Rally, we are hosting a townhall to update our members on the on-going contract negotiations. While the parties continue to meet to seek progress in key areas, the employer's actions, and inability to make basic decisions at the bargaining table reflect an employer unrecognizable from prior years of negotiations.

When: Saturday October 9th at 11 a.m.

Where: Zoom:
