

Accessing Johns Hopkins Nursing Evidence-Based Practice Series by

Kaiser Permanente Employees

February 19, 2019

Kaiser Permanente nurses have access to the Johns Hopkins Nursing Evidence-Based Practice Series at a reduced rate. This five-module course, which usually costs \$95, is available to Kaiser Permanente employees for \$30.

Please note:

- If you want the reduced rate, please use your @kp email address to register and take the course.
- This is a reduced-rate course; it is not a pre-paid course. You must use your credit card to pay for the course. You may be eligible for reimbursement for out-of-pocket expenses to take the course. Please check and confirm with your manager before taking the course if you plan to submit a request for reimbursement.
- The course is approved for 5.0 ANCC continuing education credits.
- All online materials are the intellectual property of Johns Hopkins and may not be further used, reproduced, or distributed without prior written permission of Johns Hopkins.
- The discounted rate is valid through December 31, 2020.

Please follow these instructions to access the course:

1. Register or log here: www.ijhn-education.org
2. Click on “**JHN Evidence Based Practice Series | 2017**” in the Course Catalog.
3. Click Add to Cart
4. Enter the coupon code **EBPKP2019** in your Shopping Cart and click APPLY TO ORDER
5. Make sure your total nets to \$30 and click CHECK OUT
6. Enter your billing information
7. Click REVIEW ORDER
8. Click SUBMIT ORDER
9. You can access the JHN EBP Course anytime when you log into www.ijhn-education.org, and click My Account> My Courses/Programs>Pending activities.

For questions about the Kaiser Permanente agreement with Johns Hopkins Hospital and the Institute of Johns Hopkins Nursing, please contact Catherine Dower at catherine.dower@kp.org or (510) 271-3708.

Kaiser Permanente Nursing Vision

As leaders, clinicians, researchers, innovators and scientists, Kaiser Permanente nurses are advancing the delivery of excellent, compassionate care for our members across the continuum, and boldly transforming care to improve the health of our communities and nation.
